Subject: Proposed Microsoft Settlement

Dear Sir or Madam:

I am a long-time user of OS/2 and Linux and I have paid careful attention to developments in the Federal/State antitrust action against Microsoft. I have read about the proposed settlement and I do not feel that it will provide the kind of relief necessary to restore competition to the software industry.

I would like to register my dissatisfaction with the proposed settlement. Please consider this a vote against the settlement. I would like to see the Department of Justice obtain a much stronger settlement, one that effectively reins in Microsoft's anticompetitive behavior.

Thank you.
